

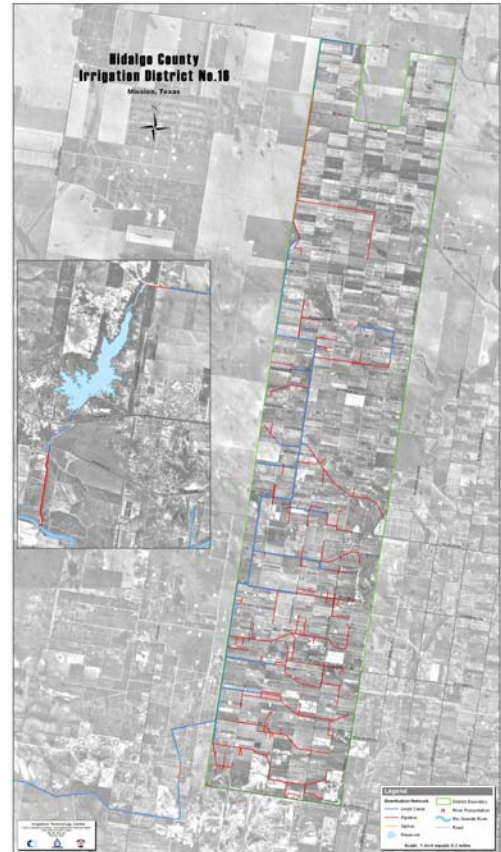

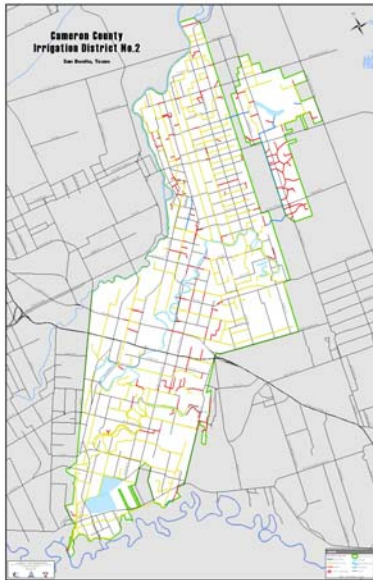

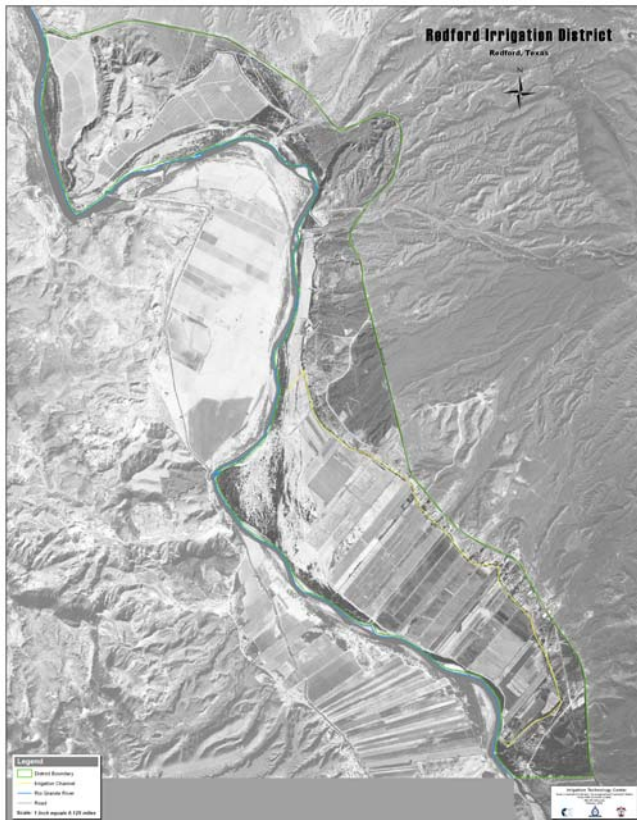

MAP INFORMATION SHEET

Copies of our maps may be ordered using the **Map Order Form** (for a copy, look under the section “GIS Data/Maps” on the IDEA Website (<http://idea.tamu.edu>)). Currently, only individual district maps for irrigation district along the Rio Grande River are available. The LRGV Regional Series maps that you will find are 2004 series. Below are examples of the new individual district 2005 series. See the IDEA Website to view other district maps. 1995 and 2002 DOQ aerial photography are used (1 meter resolution). Customized maps are also available. The smaller maps come in 11x17in, while the large maps with the aerial photography vary in size by district.

24 x 43in

29 x 36in
